ZURICH

Zürich is a stunningly beautiful city astride the river Limmat and directly by the lake of Zürich, embedded in a beautiful landscape of soft hills and distant snowy alpine peaks.

Switzerland’s largest city is surely among the most attractive in Europe, and even today, Zürich retains much of its old-time charm. Situated in the heart of the country, the city is both large enough to offer all amenities to its visitors and small enough for you to discover on your own. Artistic, cultural and culinary delights aplenty, ”shop till you drop”. If Zürich is always in season, there are good reasons why. Incredible diversity within a small area – this is only one way to describe the charm of Zürich.

The Social Evening, Thursday 7 September 2007, will take place in the Kaufleuten, probably the most important dance club in Switzerland and trendy meeting point at night; Kaufleuten is situated in the centre of Zürich in an inspiring, upcoming entertainment area. Exceptionally, participants of the ESDR Meeting will have free access to the club for dancing and to the lounge for enjoying a more relaxed atmosphere.

HOW TO TRAVEL TO ZURICH

By Plane
The Zürich Airport Kloten is 8km away from the University Zürich Irchel. Connections to the venue via bus, tram or train are readily available.

Official carrier: Swiss International Airlines has been nominated Official carrier of the 37th Annual Meeting of ESDR 2007. In order to profit from this arrangement, reference to be quoted “Tour Code CXX7052.”

By Train
Zürich has excellent rail connections from Europe. Time to get from Zürich Main Station to the congress venue by tram or by taxi is 10-20 minutes.

By Car
If you choose to travel by car, it is best to enquire your hotel for parking facilities; there is only limited parking space available at the University Zürich Irchel.
Dear Friends and Colleagues,

The University Hospital of Zürich’s Department of Dermatology is pleased to host the 37th Annual Meeting of the European Society for Dermatological Research (ESDR) from September 5–8, 2007.

The Annual ESDR Meeting has become the premier congress in cutaneous biology. Outstanding guest lectures will focus on challenging topics in cutting edge molecular biology. Clinical Saturday will focus on lectures presenting state-of-the-art advances in various areas of Dermatology and summarise important clinical developments.

The ESDR continues its partnership with a range of specialised European societies, including the European Association of Dermatological Oncology (EADO), the European Dermato-Epidemiology Network (EDEN), European Immunodermatology Society (EIS), European Society of Dermatopathology (ESDP), Fondation René Touraine and the European Epidermal Barrier Research Network.

On behalf of the organizing committee, I cordially invite you to participate and look forward to welcoming you to the ‘little big city’ of Zürich.

Besides an attractive scientific program, we will also provide an enjoyable social backdrop for relaxed and informal exchange between delegates.
